OFFICE OF PETITIONS

In re Application of :
Charles Mason :
Application No. 10/599,070 : DECISION ON PETITION
Filed: September 19, 2006 :
Attorney Docket No. AP113-06 :
:

This is a decision on the renewed petition, filed June 15, 2009, which is being treated as a petition under 37 CFR 1.181, requesting withdrawal of the holding of abandonment in the above-identified application.

The petition is **DISMISSED**.

Any request for reconsideration of this decision should be filed within two (2) months from the mail date of this decision. *Note 37 CFR 1.181(f)*. The request for reconsideration should include a cover letter and be entitled as a "Renewed Petition under 37 CFR 1.181 to Withdraw the Holding of Abandonment."

On March 11, 2008, the Office mailed a non-final Office action, which set a three month shortened statutory period to reply. The application became abandoned on June 12, 2008, for failure to submit a timely response to the non-final Office action. On October 28, 2008, the Office mailed a Notice of Abandonment.

On renewed petition, petitioner has provided a letter, which states that, a certified copy of New Zealand Patent No. 549918 has been forwarded to the Office. Petitioner further contends that the a reply to the non-final rejection was submitted on May 7, 2008.

Pursuant to 37 CFR 1.111, in order to be entitled to reconsideration or further examination, the applicant or patent owner must reply to the Office action. The reply by the applicant or patent owner must be reduced to a writing which distinctly and specifically points out the supposed errors in the examiner's action and must reply to every ground of objection and rejection in the prior Office action. The reply must present arguments pointing out the specific distinctions believed to render the claims, including any newly presented claims, patentable over any applied references. If the reply is with respect to an application, a request may be made that objections or requirements as to form not necessary to further consideration of the claims be held in abeyance until allowable subject matter is indicated. The applicant's or patent owner's reply must appear throughout

to be a bona fide attempt to advance the application or the reexamination proceeding to final action.

The record does not reflect that a response to the Office action was received on May 7, 2008.

In order to establish that a reply was previously submitted, petitioner must submit a copy of the previously submitted reply and either a stamped post card receipt pursuant to MPEP 503, a certificate of transmission pursuant to 37 CFR 1.8, or an electronic acknowledgement receipt.

As such the holding of abandonment cannot be withdrawn.

If petitioner cannot supply the evidence necessary to withdraw the holding of abandonment, or simply does not wish to, petitioner should consider filing a petition under 37 CFR 1.137(b) stating that the delay was unintentional. Public Law 97-247, § 3, 96 Stat. 317 (1982), which revised patent and trademark fees, amended 35 U.S.C. § 41(a)(7) to provide for the revival of an “unintentionally” abandoned application without a showing that the delay in prosecution or in late payment of the issue fee was “unavoidable.” This amendment to 35 U.S.C. § 41(a)(7) has been implemented in 37 CFR 1.137(b). An “unintentional” petition under 37 CFR 1.137(b) must be accompanied by the \$810 petition fee.
